Data Quality

Lineage:

All of the boundaries were created from a multiple sources specific to each CEO Notice and Determination.

For a more detailed description on a CEO Notice or Determination, please contact the Data Exchange Custodian.

Positional Accuracy

Please contact the Data Exchange Custodian for a more detailed description.

Attribute Accuracy

The attributes were classified in accordance with the legislation compilation provided by the Department of Primary Industries and Regional Development. Attribute design now caters for feature level metadata.

Logical Consistency

Data reviewed using ESRI ArcGIS Desktop software.

Completeness

Line work and attributes are complete. Any modifications to the boundary are to be verified by the Department's Manager, Geospatial Services.
